

Stanton Community Schools Return to School Protocols

The purpose of this document is to outline the protocols Stanton Community Schools will deploy in response to the COVID-19 pandemic and its impact on the educational program during the 2020-21 school year. The Return to School Protocol was created for use by teachers, students, parents, and the community of Stanton.

The intent of the Return to School Protocols is to bring a predictable, consistent, and transparent response to a global pandemic. However, the district understands that COVID-19 is constantly evolving, and circumstances associated with its impact are ultimately unpredictable. Due to the evolving nature of COVID-19, the school district will consistently evaluate protocols and will modify practices as needed for the safety of all staff, students, and patrons.

Participants in the development of the Return to School Protocols:

Jacob Blum (High School Teacher)

Colleen Butterfield (School Board Member)

Dr. David Cunningham (Secondary Principal)

Jennifer Davies (Middle School Teacher)

Jennifer Flood (Elementary Teacher)

Greta Hogrefe (Community Member)

Sarah Remm (Elementary Principal)

Darren Soucie (Superintendent)

Stanton Community Schools Return to School Protocols

The Stanton Community School District will follow recommendations and guidelines determined by the local and state health, education and activities associations.

All protocols are subject to change per those guidelines.

Topic	Low Risk (Green) All Students will attend School New Normal	Moderate Risk (Yellow) All Students will attend School Masks Required	Elevated Risk (Orange) All Students will attend School Masks Required	High/Severe Risk (Red) Limited use of School Facilities
